## PROJECTS

### PLENTY OF FELINES

- Plenty of Felines is a matchmaking website created for the Fort Collins Cat Rescue.
- Built with HTML/CSS (Bootstrap), Node, Express, PostgreSQL, Angular, and Waterline.

### THE GAME OF REAL LIFE

- A game based on the classic "Game of Life" but with a cynical twist.
- Built with HTML/CSS (Bootstrap), Node, Express, PostgreSQL, Angular, jQuery and Electron.

### GALVANIZE PING PONG LEAGUE

- A web app that allows a ping pong player/user to create a profile, enter and track game stats, and see their rank based on wins/losses.
- Employs HTML/CSS (Bootstrap), Node, Express, PostgreSQL, and the Slack and Reddit APIs.

### MY DREAM HOLIDAY COTTAGE

- This application allows users to combine their interest in historical properties in the United Kingdom with local weather patterns.
- Utilizes HTML/CSS (Bootstrap), Javascript, jQuery, Ajax, and the Zoopla and WorldWeatherOnline APIs.

## EXPERIENCE

### FOUNDER, ATTORNEY, & BROKER

Full Circle Realty / Madison, WI

- Founded a community-focused real estate brokerage and law practice that offered a variety of traditional and non-traditional real estate services to both buyers and sellers.
- Donated 15% of transaction revenue to client's choice of nonprofit.

### EXECUTIVE DIRECTOR

Alliance for Animals / Madison, WI

- Managed statewide animal advocacy nonprofit: directed and developed campaigns against animal cruelty, conducted media/legislative relations, supervised volunteers and fundraised for the organization's longevity.
- Performed all bookkeeping tasks and filed all quarterly and yearly nonprofit tax returns. Wrote and designed quarterly newsletters.
- Organized an all-volunteer board of directors; updated bylaws and articles of incorporation to reflect changes in nonprofit organization.
